

**WP 3** - Increasing resources for PHC within overall public health system  
WP coordinator – HISA or BCC

Activity 3.1 “**Transnational thematic expertise on PHC remuneration schemes**”

Related to Kaliningrad project – existing remuneration schemes, report on status today, payment for preventive activities?

BCC has experience from a project together with **Dep Public Health , Klaipeda univ and Sick fund in Kaliningrad region**. We found that a more comprehensive way of registering family doctors patients diagnoses were needed.

Milestone 1: inventories after 6 months (transnational workshop) – where?

Milestone 1: Report after 9 months - conclusions for Kaliningrad pilot project – now?

**WP 3:5** – Promotion of use of recognized quality indicators for PHC performance

*and*

**WP 4:2** – Testing of indicators for performance and quality of PHC (in Latvia, Belarus, Lithuania and Russia)

**ImPrim**
